Laura Anthony: Is the consensus dev panel method used by mostly large organizations because it is so expensive?

Taryn Bogdewiecz: This has been so informative! Thank you!

Laura Anthony: Thank you so much, super helpful

Halden scott: is it also important to report areas where there was not consensus? it seems like that calls out areas for new research or highlights that some elements are more strongly recommended than others.

Katie Butera: Thanks!

Katy Trinkley: This was great, thanks!

Daniel Shattuck: thank you so much!
