# ACCORDS

---

A unique environment that supports outcomes, health services, and implementation research for University of Colorado School of Medicine faculty by providing:

- A collaborative, multi-disciplinary space for T3-T4 investigators to catalyze innovative and impactful research
- Consultations & proposal development for grants, including pre & post support

# ACCORDS

---

- Mentorship, training & support for junior faculty
  - Fellowship training programs (NRSA Primary Care Research Fellowship, SCORE Fellowship, NHLBI K12)
- Extensive educational offerings, both locally and nationally
  - Workshops, seminars, D&I Graduate Certificate Program, COPRH Con
- Strong methodological cores and programs, led by national experts

CORES	PROGRAMS
Biostatistics & Analysis	Colorado Program for Patient-Centered Decisions
Economic Analysis	Community Engagement & Outreach (w/CCTSI)
Mobile Health & Informatics	Dissemination & Implementation Science (D&I)
Practice-Based Research Network (w/CCTSI)	Education
Qualitative & Mixed Methods	Research Training & Mentorship

# On average each year, ACCORDS:

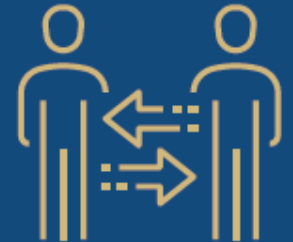

Helps  
**65 research  
investigators**  
submit over  
**100 grant  
proposals**

Has a  
**35%**  
**success rate**  
for federally  
awarded grants

Supports over  
**50 junior  
faculty  
members**  
with career  
development awards

Provides over  
**350 research  
consultations**  
across 25 different  
campus departments/  
divisions

# The COPRH Conference Series

**Bethany M. Kwan, PHD, MSPH**

# COPRH Con

---

- Three-year conference series focused on methods for pragmatic research in health and health care contexts
- Bridges multiple disciplines
  - Health services research, public health research, dissemination & implementation science, biostatistics, data science, informatics, quality improvement
- Pragmatic Research Methods Learning Community
- Interactive Tools for Planning and Conducting Pragmatic Research
- Supported by an R13 Conference Grant from the Agency for Healthcare Research & Quality (PI: Kwan)
- Additional support from ACCORDS and the Colorado Clinical & Translational Sciences Institute (CCTSI)

# COPRH Con 2022 Overview

What to expect

# COPRH Con Evidence Life Cycle

---

# Pragmatic Research in Health

---

- Research conducted in real world health and health care settings
  - Existing personnel deliver interventions and programs
  - People are offered and receive care through existing workflows and processes
  - Products of research are designed and tested in the context of intended use
  - Outcomes measures reflect outcomes that matter to those who will ultimately stand to benefit and those who will make decisions about adoption, implementation, and sustainment

# Learning Times Platform

---

- Join live Zoom sessions
- Download the conference program and/or individual session handouts
- Poster sessions
  - View on the website
  - Join the live themed poster walks

Themed Poster Walks	Poster Session
Best of COPRH Con and Panel Discussion	Day 2 Panel Session
Value, Cost and Sustainability	Day 3 Poster Session B
Implementation Frameworks and Outcomes	
Engagement and Equity	
Pragmatic Trial Pilots and Designs	

# Dissemination, Scale-Up, and Sustainability

---

- Track 1: Dissemination & Implementation (D&I)

## Strategies

- Track 2: Pragmatic Methods & Measures
- Welcome to patient and community partners!

# D&I Strategies Track

---

- Dissemination plans
- Designing for dissemination and sustainability
- Participatory modeling
- De-implementation
- Sustainability and scale-up systems, infrastructure, and equity considerations

# Pragmatic Methods & Measures Track

---

- Assessing impact on outcomes that matter to key stakeholders
- Impact frameworks (TSBM, RE-AIM)
- Systems science: modeling and simulations
- Pragmatic measures of sustainability and scale-up
